

# European Geotechnical and Environmental Course

Courses instructed at the University of Miskolc as part of  
Environmental engineering MSc, Geotechnical and Mining environmental module

Sem est.	course	Neptun code	Lect.	Pract.	ECTS	Type of assess.	Instructor
1	Contaminated soil characterization and treatment	EGEC-M/MW0003	2	0	2	Exam	Ljudmilla Bokányi
1	Data acquisition in geology and exploration methodologies, resource modeling and definition	EGEC-M/MRD0002	1	2	3	Pract. mark	Norbert Németh
1	Economic geology, reporting of mineral reserves	EGEC-M/MRD0003	1	2	3	Pract. mark	János Földessy
1	Engineering and mining geophysics	EGEC-M/EMG0001	2	1	3	Exam	Norbert Szabó
1	Geohydrology and environmental risk assessment	EGEC-M/GERA0001	2	2	5	Exam	Tamás Madarász
1	Geothermal energy	EGEC-M/GE0001	2	1	4	Pract. mark	Helmut Wolff
1	Mine waste geochemistry and characterization	EGEC-M/MW0002	1	1	2	Exam	Ferenc Mádai
1	Mineral processing basics	EGEC-M/MRD0005	1	1	2	Exam	Imre Gombkötő
1	Tailings management	EGEC-M/MW0004	2	0	2	Exam	József Faitli
1	Underground waste management	EGEC-M/UWMS	2	1	4	Exam	Helmut Wolff
