

Faculty Professional Day

26 October 2023 9:00 – 12:30
Room A/1 102-103

Dear Students,

During last year many of you achieved excellent results and made an interesting and exciting activity on the top of regular studies. We are proud of it and the community of international students of the faculty can also be proud of it.

The faculty organizes a Professional Day for Hungarian students on Thursday morning, which event finishes in an open meeting with company representatives. This day is a workday for the students with no classes, but all students are expected to participate in the professional day event.

We were doing a parallel event for the international students and thus we invite you to the **session from 9:00 till 12:30** where some important highlights of results from the last year will be presented.

Programme:
