

Faculty Professional Day

15 October 2024 9:30 – 1:00 Room A/1 101

Dear Students,

Over the past year, many of you have achieved outstanding results and participated in interesting and exciting activities alongside your regular studies. We are proud of your accomplishments, and the international student community of the faculty should be equally proud.

The faculty is organizing a Professional Day for Hungarian students on Tuesday morning, October 15th, which will conclude with an open meeting with company representatives. Although this is a workday with no regular classes for the faculty Earth and Environmental Sciences and Engineering (MFK) students, all students are expected to attend the event.

In parallel, we are hosting a session specifically for international students, and we warmly invite you to join from 9:30 AM till 1:00 PM, where some key achievements from the past year will be showcased.

The Program:
