CALL FOR APPLICATIONS

Support for Student Scientific Research
2026

The Faculty of Earth and Environmental Sciences and Engineering at the University of Miskolc offers a one-off student scholarship under the Hungarian Academy of Sciences National Programme for Sustainable Development and Technologies (NP2022-II-4/2022) for students participating in the faculty's 2026 Scientific Students' Conference (TDK).

ONE-OFF SCHOLARSHIP	TDK CONFERENCE
HUF 30,000 per student	**27 November 2026**

Purpose of the Support

To recognise independent student scientific research, support the presentation of research findings, and encourage active participation in scientific student activities.

Eligible Applicants

Students of the Faculty of Earth and Environmental Sciences and Engineering at the University of Miskolc who participate in the faculty's 2026 TDK Conference with their own TDK thesis.

Scholarship Award Conditions

- Submission of the TDK thesis by the deadline of 13 November 2026.
- Presentation of the research's findings in an oral presentation at the faculty's TDK Conference on 27 November 2026.

The award of the scholarship does not depend on the ranking achieved at the conference.

Application and Scholarship Payment

Applications are made by registering for the faculty's TDK Conference and submitting the paper by the deadline. No separate application process, documents, research plan or professional report are required. The one-off scholarship of HUF 30,000 will be paid after the above conditions have been met.
